Education

- 2023 (Exp) **PhD Natural Resource Economics**, *Division of Resource Economics and Management, West Virginia University.*
- 2014 **MA Economics**, *Department of Economics, Virginia State University.*
- 2011 **BA History**, *Department of History, Virginia Commonwealth University.*

Research Interests

Environmental Economics, Urban/Regional Economics, Transportation Economics, Sports Economics, Network/Graph Theory.

Teaching Experience

- Spring 2022 ARE 150 - Introductory Agricultural and Agribusiness Economics (Instructor).
- Fall 2021 ARE 150 - Introductory Agricultural and Agribusiness Economics (Teaching Assistant).
- 2019-2020 I taught a seminar at Mylan called "Python for Data Scientists" where I taught analysts the fundamentals of data science in Python. Topics included data structures, functions, pandas, regression analysis (statsmodels), predictive analysis (sklearn), web scraping (urllib, requests, beautifulsoup), and version control with github.

Other Professional Experience

- 2019–2021 **Data Scientist**, *Mylan (pre-merger) then Viatrix (post-merger)*, Morgantown, WV.
I managed data pipelines and built workflows designed to create reports for C-suite executives. I also built several in-house data gathering apps for analysts and product specialists. During the merger I managed the assimilation of new data sources into existing workflows.
- 2017–2019 **Data Scientist**, *WVU Center for Alternative Fuels, Engines, and Emissions*, Morgantown, WV.
I processed EPU and emissions data from vehicles undergoing emissions testing both on chassis dynamometers and on-road via portable emissions measurement systems (PEMS) units. I wrote software which produced analyses and reports in compliance with 40 CFR Part 1065 and other relevant legislation. A marquee project involved training neural networks to predict emissions in real time using EPU data.

2015–2018 **Co-founder & Director**, *Morgantown Feral & Stray Cats*, Morgantown, WV. I co-founded and directed a 501(c)3 non-profit animal rescue organization. In 3 years we saved over 1,000 cats and 100 dogs. I used ArcGIS to manage spatial data pertaining to animals as a means to optimize volunteer efforts.

Publication Statistics

Publications: 24. Citations: 375. h-index: 7. i10-index: 7.

Other Publications

- 1 Justin Sègbédji Ahinon, Hisham Arafat, Umar Ahmad, Joyce Achampong, Osman Aldirdiri, Obasegun Tekena Ayodele, Luke Okelo, Louise Bezuidenhout, **Michael Cary**, Nada Fath, Nabil Aziz Ksibi, Fayza Nasr, Carine Nguemeni, Mahmoud Bukar Maina, Priscilla Mensah, Johanssen Obanda, Joy Owango, Ahmed Ogunlaja, Gregory Simpson, Johanna Havemann. (2020). AfricArXiv—the pan-African Open Scholarly Repository. *AfricArXiv*.

Academic Presentations

- 2022 *Does Road Network Structure Affect Pollution Stocks and Flows? Evidence from Road Closures in Virginia*. Mid-Continent Regional Science Association Conference, Zoom.
- 2022 *Does Road Network Structure Affect Pollution Stocks and Flows? Evidence from Road Closures in Virginia*. Annual Meeting of the Southern Regional Science Association, Austin, TX.
- 2021 *Ambient Air Pollution and Physical Productivity: Evidence from Ultramarathons*. North America Meetings of the Regional Science Association International, Denver, CO.
- 2020 *Economic, Environmental, and Technical Gains from the Kyoto Protocol: Evidence from Cement Manufacturing*. Division of Resource Economics and Management Graduate Seminar, Morgantown, WV.
- 2014 *The Value of Versatile Alley Cropping in the Southeast US: A Monte Carlo Simulation*. Symposium of the International Society of Forest Resource Economics, St. Louis, MO.

Computer Skills

- Languages Python, R, Matlab, Stata, Julia, GAMS, Alteryx, Tableau, L^AT_EX, Markdown.
- Abilities Statistical Analysis, Data Mining, Web Scraping, Machine Learning, Textual Analysis/NLP, Simulation, Mathematical Programming, Data Management, Data Processing, Data Visualization, Dashboard Development, GUI Development.

Professional Service

- Developer & Moderator **AfricArXiv** (2019 – Present) I help with tech/web development and serve as a moderator for AfricArXiv, the digital archive for African research communication (<https://info.africarxiv.org/>).
- Referee Journal of Sports Economics, Journal of Cleaner Production, Sustainability, Electronic Journal of Graph Theory and Applications.
- Other Certified Peer Reviewer through Elsevier.

Professional Affiliations

- Economics American Economic Association, Northeastern Agricultural and Resource Economics Association, International Society for Forest Resource Economics.
- Mathematics Mathematical Association of America.

Awards / Recognition

- Journal Cover The cover of *Publications* 8(1) featured "International Collaboration in Open Access Publications: How Income Shapes International Collaboration" as the featured (cover) article (<https://www.mdpi.com/2304-6775/8/1>).
